

Enrichment Program

Our vision for our enrichment program

(Autumn Term 2 – Due to further restrictions our enrichment program has been adapted, unfortunately we are unable to offer all our options, we will continue to review)

- Create an enrichment program that allows pupils time to develop interpersonal skills.
- Link accreditation AQA awards with our enrichment activities.
- Link our points system to enrichment rewards allowing pupils to understand key skills in life.
- Link pupils EHCP targets to enrichment activities.
- Plan a variety of activities that are challenging but skill building.
- Building pupils awareness of culture and beliefs.
- Building resilience.

Upper school:

Health & Sport:

Trampolining – keeping the young people active and giving them the opportunity to enjoy a fun activity to build social skills.

Gym – a structured workout at a local gym with full options of equipment.

Team sports – keeping active and learning valuable team skills.

Diversity, humanities & culture:

Historical – a mix of visits to museums, castles, football stadium, fish quay to give pupils an understanding of ancient and modern local history.

Volunteering project – the opportunity to build experience in a local charity café, learning valuable life skills such as preparing food and service to the public.

Environment – various visits to give pupils an appreciation of the local environment, including trips to National Trust gardens and grounds, lakes and urban walks.

Vocational

Hair and beauty – learning beauty skills in the school's well equipped salon.

Cookery – the pupils will discuss and follow recipes to learn and improve their cooking skills.

Gardening – the school's allotment will be the focus for green fingered pupils to design and grow vegetables and develop an understanding of gardening.

Animal care - Ouseburn Farm, an urban farm, will provide pupils with opportunities for hands on experience of animal care with large and small animals.

Enterprise – the pupils will work to raise money which will be put towards a chosen charity.

Rewards

Cycling – good exercise while improving, fitness coordination and understanding road safety.

Beach visit – a social trip to play on the beach, walk along the promenade and have an ice cream.

Trampolining – keeping the young people active and giving them the opportunity to enjoy a fun activity to build social skills.
